sage 100c

***MANAGE ACCOUNTING  
IN THE MOMENT***

# Discover what's new with the 2018.0 release

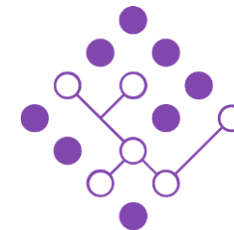

For Sage, tomorrow's expectations drive the evolution of our products. To keep our customers focused on running their business, Sage 100c continues to improve as a robust, hybrid solution to help you simplify and streamline your business management from end to end.

**BE QUICK AND  
EFFICIENT**

**SIMPLIFY AND  
CUSTOMIZE**

**GET DATA AT  
YOUR FINGERTIPS**

**REDEFINE  
WAREHOUSE  
MANAGEMENT**

# Be quick and efficient

- Increase efficiency through managing deferred revenues and expenses
- Free up time to focus on creating more value for your business
- Easily manage customizable screens with new copy capabilities
- Access seamless reporting for total business visibility
- Improve integration with payroll, accounts payable, and accounts receivable

# Simplify and customize

- Simplify data entry with updated payroll requirements that evolve with your needs
- Process payroll with an easy-to-use, integrated solution
- Efficiently manage integration with 3rd party products
- Gain modernized business intelligence and improve payroll and payment processes
- Customize and create resourceful reporting with a seamless user experience that's tailored for your business

# Get data at your fingertips

- Analyze your business' financial performance with up-to-date data, metrics, and KPIs
- View the status of accounts payable and payment progress whenever you want
- Make faster decisions with real-time insights
- Stay on top of your financial data using mobility that works with Apple and Android mobile devices
- Eliminate the need for a barcode scanner

# Redefine warehouse management

- Improve business insights with interactive warehouse capabilities
- Access information you need wherever you are with segmented data
- Extend warehouse visibility into active and inactive warehouse utilities
- Set priorities on your warehouse to gain seamless reporting criteria

# Get the power and productivity to scale your business

Scale with a comprehensive solution that automates your payroll processes, connects your employees, and provides business insights when you need it. Sage 100c seamlessly delivers the power and productivity of a trusted hybrid solution, plus the business visibility to manage products, orders, customers, finances, and operations.

And with the ability to access your business anytime, anywhere, there's never been a more flexible, effective way to stay connected to what's happening across your business.
